VALEURA ANNOUNCES \$50 MILLION BOUGHT DEAL FINANCING

Valeura Energy Inc. ("Valeura" or the "Corporation") (TSX: VLE) is pleased to announce that it has entered into an agreement with a syndicate of underwriters to purchase, on a "bought deal" basis, 8,772,000 common shares ("Common Shares") of Valeura at a price of \$5.70 per Common Share for gross proceeds of approximately \$50.0 million (the "Offering"). The syndicate will be led by GMP FirstEnergy and includes Cormark Securities Inc. (the "Underwriters").

In addition, the Corporation has granted the Underwriters an over-allotment option to acquire up to an additional 1,315,800 Common Shares at a price of \$5.70 per Common Share. This option is exercisable, in whole or in part, by the Underwriters, in their sole discretion, at any time up to 30 days after the closing date. If the over-allotment option is exercised in full, additional gross proceeds will be approximately \$7.5 million for total gross proceeds of approximately \$57.5 million.

The Corporation expects to use the net proceeds of the Offering to fund the continued appraisal of its basin-centered gas play in Turkey and for general corporate purposes. Sean Guest, the CEO of Valeura said "We are pleased to have secured the financial support that allows us to commit to the 3 well drilling program which will commence this summer with our partner Statoil. Valeura's team can now focus on delivering these operations which we believe will unlock significant additional value for our shareholders"

The Offering will be made in each of the provinces of Canada, except Quebec, by way of short form prospectus. The Offering is scheduled to close on or about March 1, 2018.
